Important questions to ask when purchasing a memorial:

- Is there a difference in the quality or grades of granite used for memorials?
- How deep do you cut your lettering and carvings into the memorial?
- Do you shape carve the designs? What training do you have in that area?
- Do you do any personalized custom designs? Is there an extra charge for that?
- What is the depth of your foundation? Does it have straight sides?
- Do you welcome the customer to viewing the foundation being installed?
- Do you fully guarantee the memorial and foundation?
